Preface vii

Chapter 1 Agrochemical Free Treatments to Improve Postharvest Shelf-life of Bananas 1
Anjani M. Karunaratne and W.K.R. Niroshini Gunasinghe

Chapter 2 Pesticides Residues in Bananas: Analysis, Occurrence and Trade Issues 33
Miguel Ángel González-Curbelo, Lidia M. Ravelo-Pérez and Javier Hernández-Borges

Chapter 3 Fungal Diseases of Banana 65
Andrew C. James, Mahdi Arzanlou, Blondy Canto Canche, Jorge Humberto Ramirez, Laura Conde Ferraez and Santy Peraza Echeverria

Chapter 4 Bananas – A Concise Account 123
Umer Shafique, Jamil Anwar, Waheed uz Zaman and Amara Dar

Chapter 5 Studies Applying Green Banana Pulp 149
Dayane Rosalyn Izidoro, Agnes de Paula Scheer, Charles Windson Isidoro Haminiuk and Maria-Rita Sierakowski

Chapter 6 The Effect of a HTST Pulse on Phase Transitions, Structure and Porosity of Crispy Dried Bananas 179
Kelly Hofsetz and Celso Costa Lopes

Chapter 7 Enzymes and Bioactive Proteins of the Banana 207
Tzi Bun Ng

Chapter 8 Banana Flavor: Insights into Isoamyl Acetate Production 227
Sebastian Torres, Ashok Pandey and Guillermo R. Castro

Chapter 9 Physicochemical and Functional Characterization of Square Banana *(Musa Balbisiana)* Flour 247
Maira Segura-Campos, Luis Chel Guerrero and David Betancur Ancona

Chapter 10 Phytoprotectants and Phytotoxins. The Role of Natural Products in the *Musa* spp.-*Mycosphaerella Fijiensis* Infectious Process **263**
Carlos A. Cruz-Cruz and Luis M. Peña-Rodríguez

Chapter 11 Banana Symbolism and Change in Bahaya Culture **279**
Valerie Githinji

Chapter 12 Hyperkalemia and Hyperdopaminemia along with Psychological Modification Induced by an Obsessive Eating of Banana in an Anorexia Nervosa Adolescent **291**
Naoko Narita Mami Tazoe and Masaaki Narita

Chapter 13 Banana Lectin Interactions with the Immune System: Implications for Future Therapeutic Applications **307**
Marija Gavrovic-Jankulovic', Rajna Dimitrijevic and Marijana Stojanovic

Index **319**
