1. Introduction to Malaysian fungal diversity
E.B. Gareth Jones 1-24

2. A mine of information and treasury of specimens: Corner's mycological legacy
Roy Watling 25-39

II. TAXONOMIC GROUPS

3. Basidiomycota: *Boletaceae*
Roy E. Halling, Hong-Twu Chan, and Su-See Lee 41-53

4. Basidiomycota: Diversity of Malaysian polypores
Tsutomu Hattori, Noraswati Mohd Nor Rashid and Salmiah Ujang 55-68

5. Basidiomycota: The genus *Marasmius* in Peninsular Malaysia
Yee-Shin Tan, Dennis E. Desjardin, S. Vikineswary and Noorlidah Abdullah 69-81

6. Basidionmycota: Distribution and new records of *Lentinus*
Sumaiyah Abdullah, Noorlidah Abdullah, S. Vikineswary and E. Grand 83-93

7. **Ascomycota:** *Xylariales*
Margaret Whalley and A.J.S. Whalley 95-115

III. ECOLOGICAL GROUPS

8. Anaerobic Rumen Fungi
Yin-Wan Ho 117-139

9. Saprobic microfungi
K.D. Hyde 141-162

10. Wood decay fungi
E.B. Gareth Jones, Salmiah Ujiang and Andrew Wong 163-183

11. Marine and mangrove fungi
E.B. Gareth Jones 185-200

12. Mycorrhizal mycodiversity in Malaysia
Roy Watling and Su-SeeLee 201-219

13. Fungi and mycotoxin contamination in food and feeds
Noorlidah Abdullah 221-234

14. *Fusarium* species in Malaysia
Salleh Baharuddin 235-250

IV. APPLIED MYCOLOGY

15. Fungi as plant pathogens
Zainal Abidin Mior Ahmad and Kamaruzaman Sijam 251-261

16. Fungi as biocontrol agents
Sariah Meon 263-285

17. Edible and medicinal mushrooms
S. Vikineswary, Noorlidah Abdullah, Normah Ibrahim, Yee-How Tan, Fauzi Daud and E.B. Gareth Jones 287-305

18. Ethnomycology
Su See Lee and Yu Shyun Chang 307-318

19. Mycoremediation
M.S.M Annuar, S. Vikineswary, Noorlidah Abdullah, M. Sekaran, A. Pandey and E.B. Gareth Jones 319-332

20. Utilization of agro-residues for value added products: Enzymes, fermentable sugars, food ingredients and animal feed
Ibrahim Che Omar, Darah Ibrahim, Rosma Ahmad and *Ng Wing Keong*.. 333-356

21. Industrial production of *Trichoderma* using lignocellulosic wastes
Faridah Abdullah 357-365

22. Biomedical applications of fungi: Studies in Malaysia
K. Nadarajah, A.H. Zainal-Abidin, I. Ahmad and A. Kader 367-377

23. New fungi described from Malaysia
Jones, E.B.G., Alias, S.A. and Nawawi. A. 379-419
