   Numbering System 41

JÑĀNAŚRĪMITRA'S MONOGRAPH ON EXCLUSION 43

   Outline 43
   Translation 49
This book was written from
working at Harvard University.
individually and together sit
Chicago. At Harvard, we use
hours at a time, to work on
such that we wrote each ana-
ally line by line. It is a work
or would have undertaken it
worked separately. It is in ev

Through our work on this
vinced of the need to break
analytical work in Sanskrit:
simply impossible to properly
philosophical texts without a
broad and far-ranging exp
contexts. By the same token
analysis necessitates systema-
tual details. This is particu-
cal texts, the vast majority of
ried, and many of which have
ecessary for the future of our
pressures against philologica

The study of Sanskrit phi-
tional work presupposed by
philosophical traditions has
tradition, although it is com-
tication. As a result, even an
philosophical work must re-
etical and philological work-
