Foreword

Preface

PART I: BASE PAPERS

L.K. Tyagi and P.C. Mahanta	An overview of the participatory approach for fish biodiversity conservation in North East India	3
P.C. Mahanta, L.K. Tyagi, D. Kapoor and A.G. Ponniah	Integration of fish biodiversity conservation and development of fisheries in North Eastern Region: Issues and approach.	14
V.V. Sugunan	Fishery resources potential of North Eastern Region	21
P.V. Seetapathi	Increasing fish production in North East India through community participation oriented watershed projects	33
B. Lahon	Bottlenecks in developing wetland fisheries resources in North Eastern Region	41
S.C. Dey and S.K. Sarmah	Ornamental fish biodiversity of North Eastern Region of India	47
B. Santosh and K.R. Dhiman	People's participation in aquaculture and conservation of aquatic biodiversity	56
M.P. Singh Kohli and Kiran Dube	Role of women in development, management and conservation of fisheries resources with specific reference to North Eastern Region	66
D.D. Mali	Policy support for conservation of aquatic resources in the North East India	73
L.K. Tyagi and P.C. Mahanta	Policy oriented social science research for conservation of aquatic resources: need and priority issues	80

PART II : PRESENT STATUS ON UTILIZATION OF AQUATIC RESOURCES

B. K. Bhattacharjya, M. Choudhury and V. V. Sugunan	Ichthyofaunistic resources of Assam with a note on their sustainable utilization	87
Sharif U. Ahmed	An overview of aquaculture resources and fish biodiversity of Nagaland	106
M.L. Bhowmik, P.P. Chakrabarti, S.C. Mondal and A. Raychaudhuri	Challenges in the development of fisheries in North Eastern Region	114
P. Nath and S.C. Dey	Role of fisheries in the watershed development and management	118
D.P. Sinhababu	Management of lowland rice ecology for higher fish production in the North Eastern Region	121
Amalesh Dutta and Kumarendra Nath	Culture of <i>Pila globosa</i> (Swainson) in paddy field and pond	127
Nripendra Nath Sarma, A. Rahman and U.K. Sarma	Induced breeding of <i>Puntius sarana</i> (Hamilton) – A prospect of seed production for pond fisheries in Assam	133
D.P. Sinhababu, P.C. Das, S.K. Rautaray and B.N. Singh	Possibility of improved integrated rice-fish-horticulture-duck farming system for improving profitability in rain fed lowlands of Assam	140
M.A. Hussan and B. K. Bhattacharjya	A Note on Environmental degradation of wetland ecosystems and possible mitigation measures	146
A. Wakid and S.P. Biswas	Anthropogenic pressure on the aquatic habitats: A case study in the Laika Forest village of Dibru-Saikhowa national park	148
A. K. Das, T. R. Pagag and D. K. Bhuyan	A note on the present status of fisheries in Assam and strategy for conservation of fish biodiversity	150
Hardial Singh	Culture of fresh water prawn (<i>Macrobrachium rosenbergi</i>) in the inland saline waters and its scope in the North Eastern Region	152

M. Muruganandam	Traditional fish festival - Mass destruction of aquatic ecosystem in Himalyan Uplands	155
Rajesh Dayal and D. Kapoor	Requirement of a database on fish genetic resources of North Eastern Region for socio-economic development.	171

PART III : ORNAMENTAL FISH AND ENTREPRENEURSHIP BUILDING

S.P. Biswas	Strategy for conservation of ornamental fishes in the North Eastern Himalayan Region	181
S.M. Srivastava, S.P. Singh and P.C. Mahanta	Ornamental fish biodiversity of Assam and their conservation status	193
S.K.Das	Strategies for captive breeding of ornamental fishes in North Eastern Region of India	200
Kaveri Borkotoki and Aparajita Borkotoki	Ornamental fish resources potential of Tezpur, Assam	207
G. Gopakumar	Ornamental fish trade in the North Eastern Region – An integrated approach through aquaculture	210
B.K. Mahapatra, K. Vinod and B.K. Mandal	Prospects of <i>Puntius barb</i> s in North Eastern Hill region with reference to export potentiality in ornamental fish trade	214
K. Vinod, B.K. Mahapatra and B.K. Mandal	<i>Brachydanio rerio</i> (Hamilton) and <i>Danio dangila</i> (Hamilton) - Promising species for ornamental fisheries in Meghalaya	225
Mrinali Choudhury and S. P. Biswas	Prospects of commercial rearing of a wetland ornamental fish, <i>Channa barca</i> in Assam	231
K. Palanisamy	Extending financial support for establishing ornamental fish industry in North Eastern Region	233
L.K.Tyagi and P.C. Mahanta	Conceptual foundation of entrepreneurship development and its scope in fisheries sector of North Eastern Region	247
Tej Kumar Shrestha	Rare ornamental fishes of Himalayan waters and conservation of their biodiversity	252

PART IV : INVOLVEMENT OF WOMEN IN CONSERVATION

Geeta Basumatari and Devajit Basumatari	Women's participation in the conservation of fish biodiversity	265
Bibha Chetia Borah	Participation of women of fisher families in conservation of ichthyo-fauna	268
N.P. Melkania	Agri-pisciculture by women entrepreneurs in the North Eastern India : A case study of Apatani Tribe of Arunachal Pradesh	276
N.S. Azad Thakur	Involvement of women in conservation in North Eastern Hill Region of India	280
K.S. Maya Devi	Financial support for women in fisheries and their role in conservation	285
S. Purkayastha and A.K.Das	A few thoughts on involvement of women in conservation of fish germplasm resources	289

PART V : PEOPLE'S PARTICIPATION IN CONSERVATION OF FISH FAUNA

Utpal Bhaumik and P. Das	Extension strategy and conservation with special reference to North Eastern Region of India	293
S.H. Chaudhury	Participatory creation and utilization of artificial lakes for rain water harvesting and development of fisheries.	307
Ananda Chandra Sarkar and H.M. Choudhary	Fishery development in hilly areas of Tripura through community participation	311
A.K. Singh	Participatory approach to develop the threatened fishery of North Eastern Region	315
P.Nath, Tomo Riba and D.Das	Community participation in the conservation of fish germplasm resources: unique experiences from Arunachal Pradesh.	321
Devashish Kar	Peoples perspective on fish conservation in the waterbodies of South Assam, Mizoram and Tripura	325

PART VI : DEVELOPMENT OF GAME AND SPORT FISHERIES FOR PROMOTING ECO-TOURISM

I.J. Singh	Strategies for improving sport fishery to encourage eco-tourism	333
------------	---	-----

Vijay Soni	Mahseer conservation: Need, priorities and approach	336
K.D. Joshi	Status of sport fishery resources in Kumaon Hills: Lessons for North Eastern Region	340
P.C Mahanta, R.S.Patiyal, U.K.Sarkar, S.K. Paul and A.K. Singh	A note on conservation status of rare fish <i>Tor chillinoid</i> (MacClelland 1339) in Himalayan Uplands	345

PART VII : POLICY ANALYSIS AND PERSPECTIVES

P.C. Mahanta	Analysis of policy issues for development of fisheries in North Eastern Region	349
U.K. Sarkar, A.K. Pathak, L.K. Tyagi, S.P. Singh, V.S. Basheer and S.K. Paul	Need for Creation of freshwater aquatic conservation zone in North Eastern Region of India	353
S.P. Singh, L.K. Tyagi and U.K. Sarkar	Creation of aquatic sanctuary: Some important issues for management	359
S. P. Singh, D. Kapoor and R. Dayal	Main components of proposed aquatic exotic act and its relevance to North Eastern Region of India	362

PART VIII : WORKSHOP DISCUSSION POINTS AND RECOMMENDATIONS 375

Appendices

I	Summary of Workshop Programme	393
II	List of Participants	400
III	Workshop Organising Committee	408
IV	NBFRG Research Project for North Eastern Region of India.	411
