

Chapter I: Access and Quality of the Higher Education System in Vietnam.....	49
Introduction	49
Section I: Overview: How did the rapid expansion of higher education occur?	
What are some of the key constraints to the future expansion and improvement of higher education?	49
I.1 Historical Context.....	49
I.2 Current Structure of the Vietnamese Higher Education System.....	50
I.3 Growth of Higher Education System	52
I.4 Some Institutional Constraints Impacting Access and Quality	53
I.5 What has the Government done recently to address these institutional constraints and improve the access and quality of higher education?	
A preliminary look at HERA	56
Section II: Access to Higher education in Vietnam	57
II.1 Access.....	57
II.2 Equity of Access.....	62
Section III: Quality of Higher Education in Vietnam.....	67
III.1 Academic Effectiveness.....	67
III.2 Curriculum and pedagogy	69
III.3 Staff quality.....	72
III.4 Academic infrastructure	77
III.5 Research capacity and potential	78
III.6 Student Satisfaction	82
Conclusion	82
Chapter II: Governance of the Higher Education System in Vietnam	84
Introduction	84
Section I: The Governance Structure of the Higher Education Institutions in Vietnam	88
I.1 Organization of higher education and management structure	88
I.2 Funding of education and fee structure	92

I.3 Organization and planning.....	96
I.4 Admissions	98
I.5 Organization of instruction.....	101
I.6 Management of personnel.....	102
I.7 Quality assurance, regulatory framework and accountability	104
Section II: Improving Governance among Vietnam’s Higher Education Institutions: Conclusion and Next Steps.....	107
Chapter III: Financing of Higher Education in Vietnam.....	113
Introduction	113
Section I: What is the current level and characteristics of tertiary education financing in Vietnam? What are the future needs?	115
Section II: Financing of Higher Education Institutions in Vietnam.....	123
II.1 Financing of Public Education Institutions	126
II.2 Financing of semi-public institutions in Vietnam	132
II.3 Financing of people-founded and private institutions in Vietnam	134
Section III: Financing Higher Education in Vietnam: What are the Main Policy Options?.....	136
Conclusion	142
Part II: The Demand-Side: Employment, Productivity and Relevance of Higher Education in Vietnam	
Chapter IV: Drivers of Demand for Higher Education Graduates in a Changing Economy	145
Chapter IV: Drivers of Demand for Higher Education Graduates in a Changing Economy	147
Introduction	147
Section I: Vietnam as a Changing Economy	148
Section II: Employment Patterns of Tertiary Graduates.....	154
II.1 Overview	154
II.2 Employment patterns of skilled labor by economic sector	156
II.3 Employment patterns of highly skilled labor by firm ownership	162
II.4 Employment patterns of highly skilled labor by export orientation and import intensity	164
Section III: Determinants of the Employment of Highly Skilled Labor.....	166
Section IV: From Employment to Demand: Analyzing Rates of Return and Wage Skill Premia	170
IV.1: Returns to schooling in Vietnam.....	171
IV.2: Returns and wage skill premia by sector and economic ownership	175
Conclusion	180

Chapter V: Higher Education and Labor productivity in Vietnam	181
Introduction	181
Section I: Conceptual and Methodological Framework.....	181
Section II: Labor Productivity Trends and Correlated Factors.....	183
II.1: Labor productivity, capital-labor ratio and average wage.....	183
II.2: Labor productivity and skills	186
Section III: Regressing Labor Productivity on Skill Measures across all Industries	189
Section IV: Regressing Labor Productivity on Skill Measures in Manufacturing	195
Section V: Tertiary skills and innovation	198
Conclusion	201
Chapter VI: Adequacy and Relevance of Higher Education to Labor Market Needs in Vietnam	202
Introduction	202
Section I: Is Skilled Labor Becoming a Bottleneck?.....	203
Section II: What do we know about Skill Quality and Relevance?.....	211
II.1 Analysis of unemployment and “job mis-use”	212
II.2: What skills do tertiary graduates bring to the workplace?.....	217
II.3: Analysis of training needs.....	224
Conclusion	233
