Chapter 1	
Introduction	
Piers Millett .....	1

## **Section A**

### **Implementing the BWC** **11**

---

Chapter 2	
The Second Intersessional Process	
Masood Khan .....	13

Chapter 3	
National implementation through an effective legislative framework	
Scott Spence .....	19

Chapter 4	
The work of the BWC in 2007	
Implementation Support Unit .....	33

Chapter 5	
The work of the BWC in 2008	
Implementation Support Unit .....	39

Chapter 6	
The work of the BWC in 2009	
Implementation Support Unit .....	47

Chapter 7 The work of the BWC in 2010 Ngoc Phuong Huynh .....	53
Chapter 8 Building a regime to secure biology in the twenty-first century Piers Millett .....	59
<b>Section B</b> <b>Biosafety and biosecurity</b> .....	<b>65</b>
Chapter 9 Introducing biosafety and biosecurity Georgi Avramchev .....	67
Chapter 10 A summary of the panel discussion on risk governance Piers Millett .....	73
Chapter 11 Biosafety and biosecurity concepts and approaches Isabelle Daoust-Maleval .....	83
Chapter 12 Case study I: biosafety and biosecurity in Pakistan Aamer Ikram .....	93
Chapter 13 Case study II: the control of human pathogens in Canada Marianne Heisz .....	99
Chapter 14 Views from the field: biosafety and biosecurity challenges in the Asia-Pacific region Teck Mean Chua .....	107

<b>Section C</b> <b>Oversight of science, education and outreach</b> .....	<b>111</b>
Chapter 15 Education, awareness-raising and codes of conduct Working paper submitted by Japan to the 2008 Meeting of Experts .....	113
Chapter 16 Case study I: the Aum Shinrikyo's biological weapons terrorism in Japan Katsuhisa Furukawa .....	121
Chapter 17 Case study II: an Australian perspective on awareness-raising, education and codes of conduct Robert Mathews .....	127
Chapter 18 Case study III: the Dutch experience of a code of conduct on biosecurity and further Koos van der Bruggen .....	139
Chapter 19 Views from the field I: encouraging responsible stewardship of the life sciences Katherine Bowman, Jo Husbands, Ben Rusek and Barbara Schaal .....	145
Chapter 20 Views from the field II: The IUPAC and the oversight of science Graham Pearson .....	155
Chapter 21 Views from the field III: awareness-raising seminars Brian Rappert .....	163

Chapter 22 Views from the field IV: online train-the-trainer modules in dual-use bioethics and biosecurity Cathy Bollaert, Malcolm Dando and Simon Whitby .....	169
<b>Section D</b> <b>Dealing with disease regardless of cause</b> .....	<b>175</b>
Chapter 23 Addressing the spectrum of biorisks Marius Grinius .....	177
Chapter 24 Providing assistance and coordinating response following the use of a biological weapon Pedro Oyarce .....	183
Chapter 25 Reducing biological risks by building capacity in health security Ali Mohammadi .....	191
Chapter 26 International efforts to reduce threats from animal pathogens Keith Hamilton and Kazuaki Miyagishima .....	199
Chapter 27 INTERPOL table-top exercise BioShield Americas 2010 Joris De Baerdemaeker .....	217
Chapter 28 International coordination: responding to the use of biological weapons Robin Coupland .....	225

Chapter 29 Case study: implementation of the Biological Weapons Convention in Kenya Austin Ochieng Aluoch and Maurice Owuor Ope .....	231
Chapter 30 Views from the field I: regional infectious disease surveillance networking Louise Gresham and Leslie Pray .....	239
Chapter 31 Views from the field II: the internationalization of microbial forensics to advance global biosecurity Randall Murch .....	247
<b>Section E</b> <b>Conclusions</b> .....	<b>257</b>
Chapter 32 Building on success: the future of the Intersessional Process Richard Lennane .....	259
Annex A summary of the common understandings identified during the 2007–2010 Intersessional Process .....	267
Notes .....	275
List of abbreviations .....	297
