2.2 Coastal States' jurisdiction in the Exclusive Economic Zone
   2.2.1 Regulatory jurisdiction of coastal States
   2.2.2 Enforcement jurisdiction of coastal States
   2.2.3 Intervention beyond the territorial sea

2.3 Precautionary coastal States' jurisdiction

2.4 Conclusion

3 Significance of the precautionary principle in marine law
   3.1 The precautionary principle as a tool of marine protection law
      3.1.1 Development of marine protection law
      3.1.2 Development of the precautionary principle
      3.1.3 Management of regional seas
   3.2 Locating the substance of the precautionary principle
      3.2.1 Precaution and prevention of transboundary harm
      3.2.2 Precaution and cooperation
      3.2.3 Precaution and sustainable development
         3.2.3.1 Introduction to the concept of sustainable development
         3.2.3.2 Analysis by the International Court of Justice of the role of the precautionary principle in articulating sustainable development
   3.3 Status of the precautionary principle in international environmental law
      3.3.1 Features of international environmental law
      3.3.2 Status of the precautionary principle
   3.4 Example of application of the precautionary principle as a legal tool: public health
      3.4.1 WTO law
      3.4.2 European law
   3.5 Conclusion

4 Practical applications of the precautionary principle in marine law
   4.1 Law and management of international fisheries
      4.1.1 The uncertainties of science in fisheries management and law
         4.1.1.1 The problems relating to scientific uncertainty
         4.1.1.2 The law's response to scientific uncertainty in fisheries management
Contents

4.1.2 The system of the 1995 Agreement 151
  4.1.2.1 The precautionary principle in the terms of the 1995 Agreement 151
  4.1.2.2 The relationship between the 1995 Agreement and the regional fisheries conventions 158

4.2 Other examples of protection of living resources 167
  4.2.1 Biodiversity 167
    4.2.1.1 The Convention on Biological Diversity 167
    4.2.1.2 The Cartagena Protocol on Biosafety 174
  4.2.2 Management of cetaceans 176

4.3 Land-based source pollution 182
  4.3.1 The 1995 UNEP Global Programme of Action 182
  4.3.2 The Jakarta Mandate on Marine and Coastal Biological Diversity 187
  4.3.3 Protection of the Baltic Sea 190
    4.3.3.1 The 1992 Helsinki Convention 190
    4.3.3.2 Principles of environmental action in the Baltic Sea area 195
    4.3.3.3 The precautionary principle in HELCOM Ministerial Declarations 196
    4.3.3.4 The precautionary principle and the ecosystem approach 198
  4.3.4 Protection of the north-east Atlantic 206
    4.3.4.1 The precautionary principle in the OSPAR Convention and related instruments 206
    4.3.4.2 Protection and conservation of ecosystems and biological diversity under OSPAR 210
    4.3.4.3 OSPAR Joint Assessment and Monitoring Programme (JAMP) 212

4.4 Conclusion 215

5 Application of the precautionary principle to vessel-source pollution 218
  5.1 The International Maritime Organization and the precautionary principle 218
    5.1.1 Agenda 21 218
    5.1.2 IMO's Marine Environmental Protection Committee 221
  5.2 Practical applications of the precautionary principle by the IMO 223
    5.2.1 Particularly Sensitive Sea Areas 224
      5.2.1.1 Purpose of Particularly Sensitive Sea Areas 224
5.2.1.2 Designation process of Particularly Sensitive Sea Areas and adoption of Associated Protective Measures 227
5.2.1.3 Existing and proposed PSSAs 231
5.2.1.4 Threshold of required environmental sensitivity 233
5.2.1.5 PSSAs as ecosystems 235
5.2.1.6 Practical risk assessment of international shipping 238
5.2.1.7 A new balance of powers in favour of coastal States 241

5.2.2 Ships’ Routeing Measures in marine protected areas 245
  5.2.2.1 Purpose of Ships’ Routeing Measures and role of the precautionary principle 245
  5.2.2.2 Regulation of navigation under UNCLOS 246
  5.2.2.3 Regulation of navigation on environmental grounds in SOLAS 247
  5.2.2.4 Precautionary Ships’ Routeing Measures 248

5.2.3 Pilotage 251

5.2.4 Vessel Traffic Services 252
  5.2.4.1 Purpose and meaning of VTS 252
  5.2.4.2 Guidelines on VTS 253

5.2.5 Surveillance technologies: LRIT and AIS 254
  5.2.5.1 Long-range identification and tracking 254
  5.2.5.2 Automatic Identification System 255

5.3 Conclusion 259

Conclusion 261

Epilogue: prudence or precaution? 265
